APICS LORK Chapter

APICS

# APICS Programs

---

- **APICS Certified Supply Chain Professional (CSCP)**  
Validates mastery of supply chain and operations management concepts
- **APICS Certified in Logistics, Transportation and Distribution (CLTD)**  
Validates mastery in the day-to-day functions of logistics, distribution and transportation
- **Principles of Operations Management (POM)**, a detailed, rigorous course of study that introduces Inventory management, Demand planning & Operations scheduling, Manufacturing planning & Lean principles, Distribution & Logistics plus Organizational, Quality, Process and Performance management. It is **not** a certification program. (This program intended for operations workforce)
